

Idisk (mfi licence) - OTG flash drive for iphone/ipad USB 3.0

MFi licenced and certified OTG USB flash drive for iPhone/ iPad with Lightning connector! Great design and functionality! Expand the memory of your Apple device thanks to the unique iDisk USB, which combines a standard USB connector with a Lightning connector and thus allows connection to your iPhone (5 or higher) or iPad. As opposed to many visually similar models, this model is MFi (Made For iPhone) licenced, i.e. it guarantees full functionality and compatibility with all original iPhone/iPad devices, even those upgraded to the latest version of iOS. It offers capacity of 8 GB - 128 GB, high speed (USB 3.0) and a fully functional application with its own music player and image viewer, compatible with Appstore.

Product code: UDM1105
Minimum order: on request
Availability: na dotaz

More parameters:

Transfer speed: USB 3.0 - up to 100 MB/s (read), up to 30 MB/s (write), depends on the chosen chips and the properties of your PC (a USB 3.0 port is necessary for USB 3.0 transfer speed).
